science. That is why the special assembly day program for the 2013 service year, which begins on September 1, 2012, has as its theme "Safeguard Your Conscience." (1 Tim. 1:19) The program has been designed to help each of us give serious attention to how we are utilizing this remarkable gift from our Creator.

² **Look for These Points:** The program will answer seven principal questions regarding conscience:

- What is hazardous to the conscience?
- How can we train our conscience?
- How is it possible to be clean from the blood of all men?
- What does our thinking and acting on Bible principles reveal about us?
- How can we avoid wounding others in matters of conscience?
- Young ones, how can you bear up when pressured to compromise?
- What blessings come to those who follow their spirit-directed conscience?

³ With Jehovah's help we can withstand the efforts of Satan to corrupt our conscience. By means of God's Word and organization, our loving heavenly Father is telling us: "This is the way. Walk in it." (Isa. 30:21) This program is one way Jehovah is providing such guidance. Therefore, make arrangements to be in attendance for the entire program. Pay close attention, and consider how to apply the information personally. Talk about the program as a family. Our putting into practice the instruction we receive will strengthen us to continue to "hold a good conscience" and help us avoid being lured off course by the fleeting pleasures of Satan's world.—1 Pet. 3:16.

"Safeguard Your Mind," based on Matthew 22:37. This program is designed to help each of us to analyze our own thoughts with a view to making them more pleasurable to Jehovah.

² **What Will Be Presented:** As we listen to the circuit assembly, we should look for the answers to these questions, which represent the main points:

- How can we avoid thinking 'man's thoughts'?
- How can we help lift the veil that blinds the minds of unbelievers?
- What mental attitude do we want to have?
- What are the benefits of proper meditation?
- How can we allow Jehovah to mold our thinking?
- How can husbands, wives, parents, and children contribute to family happiness?
- How can we be ready for Jehovah's day?
- What does it mean to brace up our minds for activity?
- What benefit comes to those who apply what they learn?

³ Satan is waging a battle for our minds and is seeking to corrupt them. (2 Cor. 11:3) Therefore, we must protect our minds and control our thoughts. We need to continue reflecting the mind of Christ and fight against the influences of this lawless world. (1 Cor. 2:16) So make arrangements to attend both days of the circuit assembly. Pay close attention. Applying the vital information presented will help us to brace up our minds for zealous Kingdom service.—1 Pet. 1:13.

2. We should look for the answers to what questions during the program?

3. Why is it important that we attend both days, pay close attention, and apply what we learn?

Safeguard Your Mind

¹ Jesus instructed his disciples to love Jehovah with their whole heart, soul, and mind. (Matt. 22:37, 38) This year's conventions and circuit events have been designed to help us strengthen the person we are on the inside. As you will recall, the theme of our district convention was "Safeguard Your Heart!" The special assembly day program for the 2013 service year has as its theme "Safeguard Your Conscience." And the series of circuit assemblies that begins next month will feature the theme

Adjustments to Midweek Meeting

Beginning the week of September 3, the Congregation Bible Study will be lengthened from 25 to 30 minutes. In his introductory comments, the conductor should take one minute to review the previous lesson. The timing of the Service Meeting will also be adjusted from 35 to 30 minutes. There will no longer be a separate part for announcements. Instead, any announcements should be given at the beginning of the first scheduled part. In most instances, few, if any, announcements will be necessary, and there is no need to outline what will be presented on the meeting. Announcements regarding field service and cleaning schedules, as well as greetings, should not be made. (*km* 10/08 p. 1, par. 4) If a lengthy announcement will be presented, it will be helpful if those participating in the meeting know in advance so that they can shorten their part.
